The POWER of ONE: Each of us possesses the inner ability to do great things and inspire other people. When these individuals combine with others who share similar passions and beliefs, positive synergy occurs and truly amazing things are accomplished that would not have been possible by ourselves. A journey starts with just one step, but a journey of a lifetime involves other people. The Diva Angel organization is a journey of a lifetime with each one of us taking that first step at some point in our lives. The Power of One drawing is to acknowledge those members who inspire others to attend meetings and join our incredible group of women. One life really can make a difference. That one life is YOU!
